Buy with Confidence, Trust and Integrity

- Specialized Support for OEMs and CEMs
- Rely on our global network
- ISO 9002 Certified Quality System

Global Trading Hours = Fast Response

- Available 24 hours a day
- Multi-lingual sales staff
- Same Day Shipping
- J.I.T. Value Added

We Solve Difficult Component Sourcing Issues

- Hard to find components and ICs
- Long lead time components
- Obsolete components and electronics
- Approved for military supply, mil spec ICs
- Full inspection and warranty

Thank you for your interest in Integrity Components. Our knowledgeable staff has years of experience supporting a variety of OEM's, CM's, engineering, development and repair facilities and some of the largest military contractors. We maintain a supply chain with a broad base of products including semiconductors, capacitors, resistors, switches, relays, connectors, diodes, computer peripherals and much more. As an International distributor, Integrity Components is committed to stocking the most volatile components in the world and to deliver them with the assurance of excellence. When an exact product match to your request isn't available, our engineering team allows us to recommend alternative parts with immediate availability. We welcome your inquiries and look forward to serving your component needs.
